Re: 2023 "Grow with Master Gardeners" Fall Appeal

Dear Friends:

On behalf of the Master Gardener Foundation of King County, we ask you to consider donating to support the WSU Extension King County Master Gardener Program.

Donate

We want to thank you for being a Master Gardener and supporting all of the ways we teach sustainable gardening to address critical issues such as climate change and food insecurity.

We value learning and teaching science-based sustainable gardening, being in community, forming friendships and having meaningful learning experiences. Whether you have been a Master Gardener for a few years or decades, your volunteer time and talents are deeply appreciated.

We are proud of what we, working together, have accomplished so far this year:

- **Clinics:** 39 regular locations and 20 pop-ups reached 15,066 people. *Thank you, Clinics Team!*
- **Diversity, Equity & Inclusion:** focused on removing barriers to becoming a Master Gardener and increasing our cultural competency to better engage with diverse communities. *Thank you, DEI Team!*
- **Bellevue Demonstration Garden's Spring Plant Sale** raised over \$10,000. *Thank you, BDG Team!*
- **\$8,100 in New Grants** from the City of Shoreline and the King Conservation District. *Thank you, Grants Team!*

Please see our **2023 Annual Report** for more information on our Program and Foundation 2023 performance, organization, financials and 2024 plans.

You are so very generous with your time and talent. **Our Grow with Master Gardeners Fall Appeal seeks to raise \$50,000 by year end. We have 100% participation by our Foundation Board of Directors. Their donations total \$5,650 towards our goal.**

Would you please consider a donation to support this program we all love and enjoy?

Donate

Thank you for helping Master Gardeners grow!
